### **General Information**

IARP is committed to comprehensively serving the professional private rehabilitation industry, be it for the private practitioner or the professional employed in the private-for-profit sector and has six specialty practice sections – Rehabilitation and Disability Case Management, Forensic Rehabilitation, Life Care Planning, Vocational Rehabilitation Transition Services, Social Security Vocational Expert, and Emerging Professionals. Our membership is truly multi-disciplinary comprised of rehabilitation counselors, nurses of multiple specialties, occupational therapists, physical therapists, speech therapists, social workers, physicians, psychologists, career counselors, and more and we have over 30 chapters across North America and internationally.
